

# Space: Bedroom Closet

## Intended Functions

- Storing clothes
- Display clothes in a somewhat orderly manner
- Finding clothes
- Pick and match clothes for occasions
- Walk in closet: place where you can get dressed
- Shelves create a visible organization of clothes
- Clothing organized by material or color

# Navigation

Turn on closet light switch to find clothes

## Alternative ways to use

- Store other items (ex: suitcase, bags)
- Hang mirror on back door
- Noise proof space (ex: using the space to make phone calls)

Storage of shoes on shoe rack inside closet
